

15 May 2019

Dear Parent/Carer

iPad Project

The iPad Project was successfully launched in 2013 and has enabled us to support the learning experience of our Post 16 students. The Project for your child's year group is shortly coming to an end and you will have the opportunity to purchase your child's iPad.

We have looked at the current market value to establish a purchase price. The purchase price will be £75.00 less your deposit of £25.00. Should you decide to purchase the iPad, we will require payment of £50.00 by **16 June 2019**. You will need to make this payment by Parentpay. This information will also be communicated to you via text.

If you decide not to purchase the iPad, your son or daughter must return the iPad and accessories to our IT support team or Medina Kenaghan. The iPad must be returned either on or prior to your son or daughter's last day at Tudor Grange Academy Kingshurst. We expect the iPad to be returned in good condition allowing of course for general wear and tear. Once the iPad has been received in good condition including all accessories (case and charger), we will proceed with arranging a refund of your deposit. If you have paid the deposit by Parentpay, we will refund the deposit via Parentpay. If you have paid the deposit by cash or cheque we will arrange for a bank payment to be transferred into your account. In this instance we will require your account information. We would also ask that students remove all personal details, photos etc from the iPad before it is returned to us.

If you have any queries please do not hesitate to contact our Post 16 Registrar, Medina Kenaghan.

Yours sincerely

John Bowers
Associate Director of Post 16
