

Pupils (arrive no earlier than 15 minutes before your lesson)

Pupils enter through the pedestrian gate, not the vehicle entrance.

- If getting dropped off, enter in car through the vehicle entrance and, as normal, drop off in the turning circle. Pupil to head to the D Block ground floor main entrance fire doors
- A member of SLT will meet and greet
- If on a bike, lock to the rail on the 'sign island'

Pupils to be in non-uniform with basic equipment (this will stay with you and go home with you).

- No phones
- Hoods down on entry
- Caps off on entry
- Normal behavior and respect rules apply

Pupils follow the social distancing rules which is aided by markings on railings and on the floor. Wait in line to enter the D Block main entrance fire doors – a one-way stairwell, entry and exit system is in play.

- This system will only change for first aid emergencies and fire evacuation where you will head to the 3G pitch via the quickest route, as normal, and line up on the 3G pitch to be registered (social distancing and lined up under your door number which will be on a sign on the fence) by your teacher, when re-entering the one-way system comes back into play and sanitise

On entry, sanitise and head to your designated classroom on D Block 1st Floor. Teachers will instruct you which seat to sit at, filling the class from the furthest point. Opportunity to re-sanitise in the corridor. Follow social distancing rule of 2 metres.

Lesson begins with a register.

- Inform the teacher of any medical needs that they need to be aware of (this should be done discreetly)

A break is allocated and is staggered to other classes, this is a time to go to the toilet, but you will only be allowed to go one at a time. The teacher will coordinate this. Wash hands and sanitise.

- A member of SLT and a cleaner will always be on the corridor
- If desperate, then ask the teacher and it will be the decision of the teacher to let any pupil out one at a time. Remember social distancing. This will be coordinated in conjunction with SLT. Wash hands, re-sanitise

Lesson finishes and you will be dismissed one at a time (staggered finish times), leave via the 'down' stairwell and exit through the fire doors on D Block ground floor going out of the pedestrian gate at the vehicle exit.

- Take equipment with you
- Those getting picked up wait on the edge of the turning circle following the social distancing rules (different coloured 'paving' flooring gives a 2 metre gap)
- Those on bikes, collect from the 'sign island' and leave via the pedestrian gate at the vehicle exit.
