

# Media Studies

Please complete one line from the task list below. All students must complete the middle task as part of their line:

Examine some music videos for rap songs and look at the different representations of gender. Compile your findings into a short essay.	Research into how low budget independent films are funded and distributed.	Compare the front pages of The Times and The Mirror newspapers from any given day. Write a comparison of how the news is presented.
Explore how video games target a range of different audiences in their promotional materials.	Write a 300 word answer to the question "Is the media of print, such as newspapers and magazines, dead?"	Design a game cover and/or poster for a new video game aimed exclusively at a niche target audience.
Choose a story from the news and write a left wing/right wing article of the same story from two ideological viewpoints.	Create a poster for a low budget independent film that tackles issues in Britain today.	Storyboard a 10 frame depiction of a music video for a new male/female artist that represents them in a very positive light.
