## Mis Vacaciones

### How can you use knowledge organisers at home to help us?

- **Retrieval Practice:** Read over a section of the knowledge organiser, cover it up and then write down everything you can remember. Repeat until you remember everything.
- **Flash Cards:** Using the Knowledge Organisers to help on one side of a piece of paper write a question, on the other side write an answer. Ask someone to test you by asking a question and seeing if you know the answer.
- **Mind Maps:** Turn the information from the knowledge organiser into a mind map. Then reread the mind map and on a piece of paper half the size try and recreate the key phrases of the mind map from memory.
- **Sketch it:** Draw an image to represent each fact; this can be done in isolation or as part of the mind map/flash card.
- **Teach it:** Teach someone the information on your knowledge organiser, let them ask you questions and see if you know the answers.

### How will we use knowledge organisers in Spanish?

#### Vocabulary Learning Strategy 1: Look, say, cover, write, check

Use the five steps below to learn how to spell any word

<b>LOOK</b>	Look carefully at the word for at least 10 seconds
<b>SAY</b>	Say the word to yourself or out loud to practise pronunciation
<b>COVER</b>	Cover up the word when you feel you have learned it
<b>WRITE</b>	Write the word from memory
<b>CHECK</b>	Check your word against the original. Did you get it right? If not, what did you get wrong?
