How can you use knowledge organisers at home to help us?

- **Retrieval Practice:** Read over a section of the knowledge organiser, cover it up and then write down everything you can remember. Repeat until you remember everything.
- **Flash Cards:** Using the Knowledge Organisers to help on one side of a piece of paper write a question, on the other side write an answer. Ask someone to test you by asking a question and seeing if you know the answer.
- **Mind Maps:** Turn the information from the knowledge organiser into a mind map. Then reread the mind map and on a piece of paper half the size try and recreate the key phrases of the mind map from memory.
- **Sketch it:** Draw an image to represent each fact; this can be done in isolation or as part of the mind map/flash card.
- **Teach it:** Teach someone the information on your knowledge organiser, let them ask you questions and see if you know the answers.

How will we use knowledge organisers in Spanish?

Vocabulary Learning Strategy 1: Look, say, cover, write, check

Use the five steps below to learn how to spell any word

- | | |
|--------------|--|
| LOOK | Look carefully at the word for at least 10 seconds |
| SAY | Say the word to yourself or out loud to practise pronunciation |
| COVER | Cover up the word when you feel you have learned it |
| WRITE | Write the word from memory |
| CHECK | Check your word against the original. Did you get it right? If not, what did you get wrong? |

Spend time learning that bit of the word. Go through the steps again until you get it right.

Extra challenge: Spell out your work using the Spanish alphabet.
