

REF: Year 10 Strike Day Wednesday 1st February 2023 Learning Resources

Dear Parents and Careers,

As a result of the National Education Union (NEU) strike action, which is having an impact on all schools nationally, TGAK will be closed on Wednesday 1st February for all Year 10 students. We have worked to minimise the disruption to your child's learning and have planned a full day of resources for students to use at home.

The table below outlines the plan of the day which will provide five hours of online learning for all of our Year 10 students, all lessons link to the current topics being delivered within school and take into account that Y10s study different opted curriculums. All lessons are provided through a website which can be accessed via a phone, tablet, laptop or desktop computer. No log in details are required to access these lessons, which removes any potential barriers to learning.

Each link within the table below, will take students to an online platform, it is important that student read the notes to access the appropriate materials. It is important to note that each resource is one part of a bigger learning unit, should your child finish before the end of the lesson, there are other tasks that they can move onto.
