

CEIAG

Careers Education, Information, Advice and Guidance

FOR TUTEEES

Tudor Grange Academy Kingshurst

This stands for **Careers Education, Information, Advice and Guidance** and is an abbreviation that we would like all students to be familiar with.

The focus of **CEIAG** is for us to provide you **ALL** with impartial careers information, regardless of which year you are in.

Throughout the year, this guidance will feature as part of some lifelong learning lessons, however, we would also like to provide you with a regular snap-shot of careers information that enables you learn more about a broad variety of jobs, how much you would be paid, and what you need to study to move into this field.

Importantly, EVERY featured job will have either a direct link with a career pathway that OUR VERY OWN TGAK students have gone on to when they have left Sixth Form, or will link with a current issue or event.

This week: **Physiotherapy**

- With the start of the **FIFA World Cup Qatar 2022**, physiotherapists will be in place for each and every national team and will be in high demand as the competition progresses and players need to sustain their performance, despite becoming more tired or injured.
- **A number of our students have gone on to become physiotherapists, several of which now work at local hospitals.**
 - The following video provides a short insight into this area.
 - Could this be you in the future? Do your interests and aspirations link to working in this type of job?

This week: **Physiotherapy**
