

Learning Journey: Year 9, Design

This first term in Design I want to focus on _____.
I will do this by ...

Term 1 & 2: Biomimicry - Product Design

- To explore biomimicry and how it used in our everyday lives.
- look at careers linked to biomimicry, who uses it and what impact it can have.
- To look at various examples of biomimicry and how it has been used successfully in design.
- Looking at the work artists, architects & designers and how they have been inspired by biomimicry.
- Exploring biomorphic ideas to create own designs and work.

Term 2 & 3: Interior Design

- To explore Interior design
- To look at interior design styles, historical and contemporary
- To research interior designers and explore design ideas
- To create a mood board / room designs / surface pattern design and textiles
